

### **A QUOT FOR REPAINT STARCASE**

I don't think it would be a problem if the quot of Wall and Ceiling goes like this ;

External : works line and still work, we can look at R 18.00.

Let say for an example if 250m x R 18.00 that will give us R 4 500.00 , So Walls and Ceilings general works all SQ meters look like 150 SQ x R 35.00 = R 5 250.00 .

Quot we have now : the area of the line gave me 357 meters x R 18 = R 6 426.00 including all work that a prepared for painting.

STARCASE : Wall & Ceiling 141 SQ x R 35.00 = R 4 935.00

Let's check and discuss this first.
